University Profile

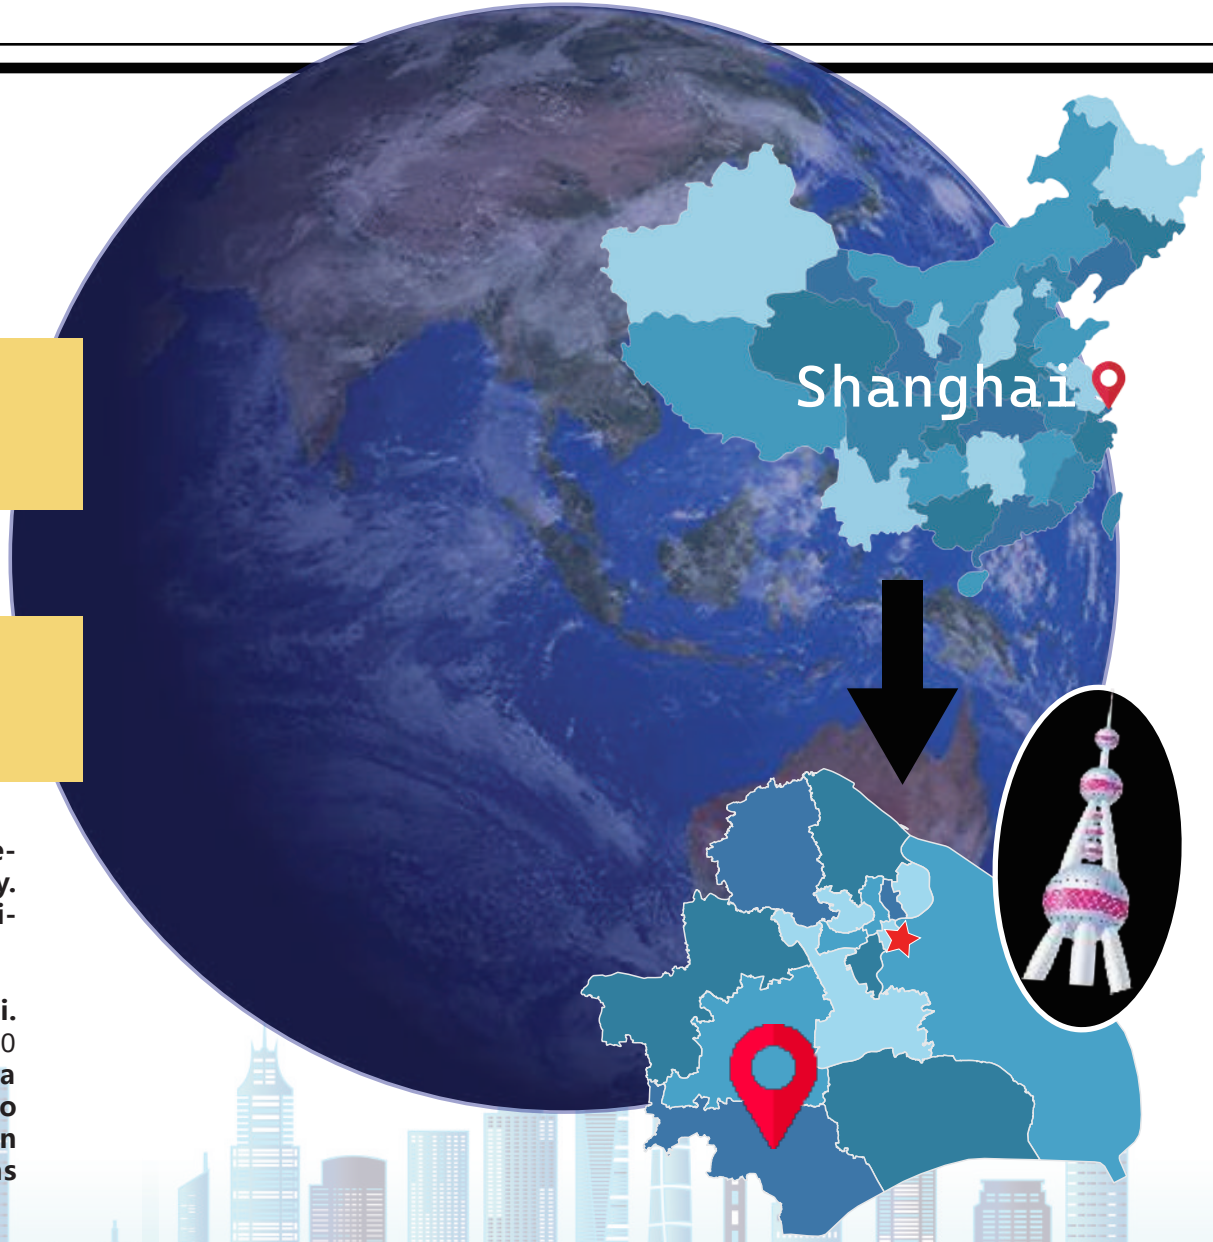
INTERNATIONAL RECOGNITION

1st

the only vocational university in China accredited by ACQUIN (German Higher Education Quality Assurance Agency)

1st

the only vocational university in China admitted to AACSB (American Elite Business School Alliance)



Shanghai Zhongqiao Vocational and Technical University (hereafter referred to as SHZQU) is a non-profit private university. Founded in 1993, it is one of the first vocational education institutions in China authorized to grant bachelor's degrees.

SHZQU is located in Jinshan, a suburban district of Shanghai. The university comprises 12 secondary schools, offering 30 bachelor's programs and 16 associate degree programs across a variety of disciplines, ranging from engineering to design to culinary arts. As a university fostering integrated collaboration with industry, SHZQU has established extensive connections both at home and abroad.

PROGRAM FEATURES

A window into contemporary China

Located in the Shanghai Metropolis

Perfect for students who have never been to China

Practice and activity-based courses and workshops

Customized field study destinations

Built-in company visits and excursions to Shanghai scenic sights

Duration ranging from one week to three weeks

This short-term program exposes international students to different aspects of Chinese culture, allowing them to experience both historical and contemporary China. The program's courses have been selected from 12 schools, showcasing the breadth and diversity of what SHZQU has to offer.

At the same time, the courses provide a glimpse into contemporary China, focusing on technological innovation, economic markets, and cultural sustainability. In order to take care of the visitors who come to China for the first time, the program offers an overview of contemporary China.

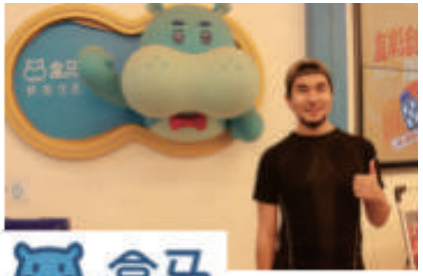
Hema Fresh (also known as Freshippo), part of Alibaba Group, is an innovative Chinese supermarket chain combining online and offline retail. It specializes in fresh groceries, seafood, and ready-to eat meals, offering fast, 30-minute delivery through its integrated app and physical stores.



Lenovo 联想

Lenovo Shanghai Future Center, an enterprise-level business innovation center, presents the latest achievements of Lenovo's intelligent transformation in all walks of life.

Field Study

Jiufeng Farm

Located in Jinshan, Jiufeng Farm is the pioneer in digital agriculture and currently one of the largest automatic farms in Shanghai, covering more than 25 acres.

Jinfeng Liquor

Jinshan has been a historical site of Huangjiu production. Jinfeng Winery 's history can be traced back hundreds of years and its produce dominate the traditional rice wine market.

SHZQU's academic programs are closely aligned with industry trends and the evolving needs of the job market. By integrating field studies and company visits into the curriculum, students gain firsthand exposure to real-world business environments, deepening their understanding of theoretical concepts and enabling them to apply their knowledge in practical contexts.
These field studies are highly customizable, allowing students to tailor their learning experiences to their specific interests or academic goals.
